Receipt for Fire Mitigation Survey Impact Fee

Dear Property owner,

Thank you for your effort to make your property s defensible space in case of wildfire within our District. Your efforts in making your property fire-safe will not only benefit you but will protect other properties and lives adjacent to your own.

With your fee of $250.00, members of the Jefferson-Como Fire Protection District will come to your building site ***(near to, or at the completion of your new home, new addition, new garage, or new deck foundation)*** and perform an initial fire mitigation survey.

- Jefferson-Como Fire will advise you as to what steps are necessary to ensure your future home/ construction has adequate defensible space and access for fire suppression crews.
- The second visit to your property is when your construction is completed. This is to ensure mitigation and access efforts have been completed. Ounce this and all other codes have been met, Park County will issue you a Certificate of Occupancy.

Payments may be made in cash or check at Station 5 (20200 Co Rd 15, Como) or by credit card online at the following link: https://square.link/u/60XX6bSQ

Upon receipt of payment, you will be given an information packet that provides guidelines we use in our inspection along with this receipt to give to the Park County Building Department.

Jefferson-Como Fire Protection District welcomes and wishes you years of wonder and adventure in Park County.

Respectfully,
Trent Smith
Fire Chief
